

Vision Empower

User Guide & Onboarding

For Field Users, Senior Managers, Admins and Finance —
what you'll see, what you do, and how a purchase request moves from start to finish.

9 October 2026

How to use Vision Empower's procurement system, for everyone who works in it: what each role sees, what each role does, and how a purchase request moves from "we need this" to "the school has signed for it".

PDF version: [Vision-Empower-User-Guide.pdf](#) — same content, for printing or sharing.

Screenshots use demo data (people such as *Riya Sen* and *Arun Iyer*, and schools in Bihar and Jharkhand). Your own screens show your organisation's data.

1. Roles at a glance

Everyone can **see** every page and every purchase request. What changes by role is **what you can do** — the buttons for a step only appear for the role that owns it — and **what your Dashboard shows**.

Role	Usually	Owens these steps	Also manages
Field User	Field coordinator	1 Raise requisition · 8 Confirm delivery	Delivery discrepancies
Senior Manager	Programme head	2 Approve or reject	—
Admin	Procurement officer	3 Collect quotations · 4 Select vendor · 7 Dispatch	Master Data, Vendor Prices, CSV import, Location Transfers
Finance	Finance / accounts	5 Approve payment · 6 Record payment	—
System Manager	IT / site admin	Everything	User accounts

2. Getting in

1. Open your Vision Empower site in a browser (Chrome, Edge, Firefox or Safari) and sign in with the email and password you were given.

A screenshot of the Vision Empower sign-in page. At the top center is a small icon of a cube with an arrow. Below it is the heading "Sign In" in bold. Underneath is the text "Welcome! Please sign in to continue." followed by two input fields. The first is labeled "Email" and contains the text "jane@example.com". The second is labeled "Password" and contains six dots. To the right of the password field is a small eye icon and a link that says "Forgot password?". Below the password field is a dark grey button labeled "Continue". At the bottom is a light grey button labeled "Login with Email Link".

Sign-in page

2. Open **Vision Empower** — either from **Pages** → **Vision Empower** in the left menu, or by going straight to `https://<your-site>/app/vision-empower` . Bookmark that address.

If Vision Empower isn't in your menu, or you get a permission error, your account has no Vision Empower role yet — see [section 14](#).

Vision Empower — User Guide

5 / 47

Area	What it's for
Sidebar (left)	Every section: Dashboard, Master Data (Vendors, Schools, Items, Kits, Vendor Prices), Procurement, Inventory, Dispatch & Logistics, Reports. <i>Collapse Sidebar</i> at the bottom gives you more room.
Breadcrumb (top left)	Where you are, e.g. <i>Vision Empower / Procurement / Payment Approval</i> .
Search (top)	Type any name or ID — a vendor, school, item, kit, PR (PR-2026-00192), purchase order (VE-P0-...), delivery challan (DC-...), LR/docket number, or transfer (TRF-...). Click a result to open it; POs and challans open their purchase request.
Your name (top right)	Who you're signed in as.

Tip: the quickest way to any purchase request is to paste its ID into search.

The Dashboard

The Dashboard is your home page and is **different for each role** — it shows the work waiting for *you*. Every role also gets **Procurement Requests**: every open request with its current step. Click any request to open its status page.

Role	Cards across the top	Lists below
Field User	Items below reorder · Schools dispatched	Reorder alerts (with <i>Create PR</i> →) · My Requisitions
Senior Manager	Total PO value this month · Items below reorder · Schools dispatched	Reorder alerts · Pending PR Approvals (Approve / Reject) · 6-month spend trend
Admin	Total PO value this month · Items below reorder	Reorder alerts · Vendor Quotations & Selection · 6-month spend trend
Finance	Total PO value this month · Pending payments	Payments Queue · 6-month spend trend

4. How a purchase request moves

A **purchase request (PR)** goes through eight steps. Each step belongs to one role; when it's done, the PR moves to the next step automatically.

#	Step	Who	What they do	What it creates
1	Requisition	Field User	Asks for a Kit or an Item, a quantity, and the schools it's for	The PR
2	Approval	Senior Manager	Approves or rejects	—
3	Quotations	Admin	Records each vendor's quote (with the quote document)	Vendor Quotations
4	Vendor Selection	Admin	Picks a quote and writes why	Purchase Order
5	Payment Approval	Finance	Uploads the vendor's invoice and approves — or sends it back	Vendor Invoice
6	Payment	Finance	Records the payment (mode, date, UTR)	Payment
7	Dispatch	Admin	Records the shipment (transporter, LR number, insurance)	One Delivery Challan per school
8	Delivery	Field User	Confirms receipt with the signed challan	Goods Receipt Note ; PR closed

A PR can end as **Completed** (after step 8) or **Rejected** (at step 2).

The PR status page (audit trail)

Every PR has one page that shows everything about it: the request, every document created along the way, and an **audit trail** of who did what, when, with their remarks and attachments. Open it by clicking any PR anywhere in the app, or by searching for its ID.

Requisition Details

Kit

Braille Starter Kit

Item

None

Choose either a Kit or an individual Item, not both — selecting one resets the other to "None".

Quantity (Kits)

10

Expected Delivery

30/11/2026

Fund (optional)

None

Target Schools

☒ Govt Middle School, Gaya (Bihar)
☐ kjbkswbd (k1fb)
☐ Nalanda Education Center (Bihar)
☒ Patna Girls Senior Academy (Bihar)
☐ Ranchi Inclusive School (Jharkhand)

The quantity is split evenly across the selected schools at dispatch.

Remarks (optional)

For the new Braille class starting next term.

Submit for Approval

New requisition

1. Choose **either** a **Kit** or a single **Item** (picking one clears the other).
2. Enter the **Quantity** — number of kits, or number of units for an item.
3. Pick the **Expected Delivery** date, and optionally the **Fund**.
4. Tick every **Target School**. The quantity is split evenly across the schools when it's dispatched.
5. Add **Remarks** if there's context the approver should know.
6. **Submit for Approval**. You land on the new PR's status page; it now waits for a Senior Manager.

The form tells you if something is missing — e.g. *"Select at least one target school."*

Confirm a delivery (step 8)

When a PR reaches **Delivery Confirmation**, open it (from *My Requisitions* or search) and click **Go to Delivery Confirmation** →.

Delivery Confirmation

Record receipt of the delivery for procurement request PR-2026-00201

[← Back to Dispatch](#)

Quotation QT-1071 · 09-10-2026	7 day delivery · Valid until 08-11-2026

Order Summary

Procurement request PR-2026-00205

KIT TYPE	QUANTITY
Braille Starter Kit	6
TARGET SCHOOLS	EXPECTED DELIVERY
Patna Girls Senior Academy, Nalanda Education Center	08-11-2026
TOTAL QUOTATION	PROCUREMENT STATUS
₹8,100	Vendor Selection

Vendor Selection Justification

Please provide the reason for selecting this vendor.

Justification

e.g. Selected based on competitive pricing, shorter delivery timeline and previous successful fulfilment...

The vendor selection and justification will be recorded against PR-2026-00205.

Confirm Vendor Selection

Vendor selection

Check the vendor, amount and order summary, write a **Justification** (required — e.g. "*Lowest quote with the shortest delivery time*"), and **Confirm Vendor Selection**. A **purchase order** is raised and the PR goes to Finance.

Dispatch (step 7)

Once Finance has paid, the PR shows **Go to Dispatch** →.

Initiate Dispatch

Dispatch

The page lists the schools — **one delivery challan is raised per school**, with the quantity split evenly. Enter the **Dispatch Date** (not before the request date), **Transporter** and **LR / Docket Number**, optionally upload the transit insurance certificate, and click **Initiate Dispatch**. The PR waits for the Field User to confirm delivery.

Admins also manage **Master Data** ([section 9](#)) and **Location Transfers** ([section 10](#)).

8. Finance

You check invoices against purchase orders and release payments.

Vendor prices

Add a price with **Vendor**, **Item**, **Unit Price**, optional **GST %** and the **Effective Date**. The **latest** effective price is what requests and purchase orders use. Use **Edit** / **Delete** on a row to change it.

Importing from a spreadsheet (CSV)

Each Master Data list has **Template** and **Import CSV** (Admin only).

1. Click **Template** to download a blank CSV with the right column headings.
2. Fill it in (Excel or Google Sheets → Save as CSV). Rules:
 - Columns can use the heading names (*Item Name*) or field names (*item_name*).
 - Links can use the **name** instead of the ID — e.g. *Apex Educational Supplies* in a Vendor column.

- Yes/no columns accept *1/0*, *yes/no* or *true/false*.
 - A kit's items go in one cell as `Item name:quantity; Item name:quantity` — e.g. `Braille Slate & Stylus:1; Braille Paper Ream:2`.
3. Click **Import CSV** and choose the file. You'll see how many rows were imported; any row with a problem is skipped and the first error is shown (all of them are in the browser console). Unrecognised columns are listed and ignored.

Imported records behave exactly like ones added by hand — e.g. an imported item's opening stock shows on Stock Status, and imported prices feed requisition estimates.

10. Inventory and Dispatch

Location transfers (Admin)

Inventory records stock moving between warehouses.

Reporting a discrepancy

1. Click **Report New Discrepancy**.
2. Choose the **Delivery Challan** — the **School** fills in by itself.
3. Choose the **Item** — the **Expected Quantity** (what that challan carried) fills in.
4. Enter the **Received Quantity** (it can't be more than expected) and the **Action Taken** (e.g. *Vendor notified*), then **Submit**.

The shortage appears in the log and on the PR's status page.

11. Reports

Under **Reports** in the sidebar; all roles can view them.

Procurement Summary

Purchase orders, total spend, what's still unpaid, and average lead time (request → dispatch), plus spend by vendor. Filter by period, vendor or funder; **Export CSV** downloads the vendor ledger.

Dispatch status

12. Documents and uploads

- Steps 3, 5, 7 and 8 take a file: the quotation, the vendor invoice, the transit insurance certificate and the signed delivery challan. Accepted: **PDF, JPG or PNG**, up to 10 MB.
 - Chose the wrong file? Click **Remove** next to it before submitting.
 - Every file is listed on the PR's audit trail under the step it was uploaded at — click to open it.
 - Files are private to Vision Empower users: anyone with a Vision Empower role can open them; nobody outside can.
 - Need to add something later (a photo, a note)? Use + **Attach Document** on the PR's status page.
-

13. Troubleshooting

You see	What it means / what to do
<i>"Your role doesn't ... — this step is view-only for you"</i>	That step belongs to another role (see section 1). You can still read it.
<i>"... isn't pending — this request is at "</i>	The PR is at a different step. Open its status page to see where it is and who it's waiting on.
Search says "No matches found"	Check the spelling, or try the ID instead of the name (or vice versa). Search covers vendors, schools, items, kits, PRs, purchase orders, challans and transfers.
Search says "Search failed — try again"	A temporary connection problem; try again.
A page looks out of date or a button is missing after an update	Your browser is showing an old copy — press Cmd + Shift + R (Mac) or Ctrl + Shift + R (Windows), or open a private window.
"Permission Error" pop-up	Your account is missing a role for that page — ask your System Manager.
An upload is rejected	Use PDF, JPG or PNG under 10 MB. A PDF that's damaged or not really a PDF is rejected.

14. For administrators: setting up users

1. In Desk, go to **User List** → **+ Add User**, enter the person's email and name, and save.
2. Open the user → **Roles** section → tick exactly one of: **Vision Empower Field User**, **Vision Empower Senior Manager**, **Vision Empower Admin** or **Vision Empower Finance**. Save.
3. Send them the site address and ask them to set a password (or set one under **Change Password**).

A person can hold more than one role if they genuinely do more than one job — they'll then see the buttons and Dashboard sections of each.
